RE: ONLINE BETTING PLATFORM

The above matter has reference.

The Northern Cape Gambling Act, Act 3 of 2008 describes a bookmaker license as thus:

**"A Bookmaker license is required by any person who directly or indirectly lays fixed-odds bets or open bets with members of the public or other bookmakers, or takes such bets with other bookmakers"**

This letter is to confirm that Deeps Betting t/a Scorebet is approved to offer fixed-odds using their online betting platform.

We further confirm that Scorebet is approved to offer all submitted contingencies currently offered via the Aardvark wagering system. Approved Fixed-odds contingencies on the platform include, but are not limited to the below:

**Sports Betting**

**Racing – Horse racing, Dog racing, Greyhound racing**

**Lotto - Lucky Number fixed odds betting**

**Live Casino and Table games – Evolution, Pragmatic Play and AGT**

**Live Dealer games – Betgames, Winner's Wheel**

**Roulette games – Rapid Roulette, Live Roulette and Spin&Win**

**Keno and Rapid Keno**

These are all in line with their Bookmaker license on their online betting platform: [www.scorebet.co.za](http://www.scorebet.co.za)

Should you require any clarity on this letter, please feel free to contact us.

Kind Regards

Simon Mohapi
